MANDLA

Fighting Full Time for Sydney

"My vision for Sydney's future includes everyone, and with your vote we can fix NSW."

Edward Mandla

For too long, Sydney's residents have endured a part-time member in Clover Moore. Major planning and infrastructure issues such as the Cross City Tunnel, crumbling public transport services, skills and labour shortages as well as identifying sustainable water solutions have proved too hard for Ms Moore MP, and the obvious toll of performing her dual roles is beginning to show.

As a long term resident of Sydney, Edward Mandla is fighting on behalf of all residents to start repairing the damage done by Labor's neglect of the local hospitals, transport, roads and schools.

Edward Mandla, candidate for the New Seat of Sydney, believes that this city deserves full-time representation from an active, healthy and engaged member of the community to ensure Sydney receives a fighting chance!

Edward Mandla – Fighting Full-Time for Sydney.
